

THEODORE HENDERSON

Award-Winning Professional Speaker • Success Coach • Career Counselor

An unabashedly Christian teacher ... but he's not out to "convert" anyone. Without being the least bit "preachy", Theodore simply shows us how to apply those proven, common-sense principles of the Bible to our everyday search for excellence in all areas of our lives: financial, business, relationships, spiritual, social, and family ... in a way both Christians and non-Christians alike can enjoy and benefit from.

Your audience or team will come away with solid, practical, take-home strategies for fusing the Spiritual and the Practical to enjoy an overall enhanced life, better everyday living, and maximum success in every area of Life ... and all delivered in a clear, easy-to-grasp manner.

A gifted speaker with wide-ranging interests and competencies, Theodore can connect with any audience on a variety of topics such as...

- Re-assessing your career path and opportunities in the face of down-sizing
- Applying Faith and God in your personal, business, and financial affairs
- Dynamically communicating in any situation
- Using Social Media and networking for greater success in job searches and career management (without it becoming either crutch or addiction!)
- Achieving personal financial empowerment through Intelligent investing
- Maximizing sales performance – individually and across your organization
- How to build and maintain profitable, long-term relationships with even the most sophisticated or demanding clients ... as well as within your organization.

Unlike many other professional speakers, Theodore won't give you a 30-minute sales pitch – it's pure content from the minute he hits the stage, right to the end.

Here are just a few more examples of the sort of wisdom Theodore can share:

- How to make sane, sound judgments in the most difficult circumstances (This is a MAJOR KEY to success in any business!)
- Becoming your most powerful "YOU" when you have a "code of conduct" that you follow and check yourself against.
- How you too can become a million dollar sales professional
- The "Twelve Steps to Hiring Success". (So simple you'll kick yourself for not thinking of them yourself!)
- How to obliterate that defeatist "No One's Hiring" mentality forever ... so you can find work you enjoy in any economy! (Theodore has been on both sides of the hire-fire process, and can show you the "secrets" to staying employed.)

"Theodore just has this knack for asking deep, penetrating, thought-provoking questions that get right to the root and heart of the matter."
